

DarkSky

*“Lift up your face, child, and receive the stars. When you first look, they all pierce and freeze you, and then the sky begins to sway like a cradle they’re rocking, and you give yourself up wholly to be carried away, away.”*

— Gabriela Mistral (*Carro del Cielo*)

# How does light pollution affect our lives?

Light pollution is the human-made alteration of outdoor light levels from those occurring naturally.

## Light pollution...

**Destroys critical wildlife habitat**

**Harms human health and safety**

**Robs us of our night sky heritage**

**Wastes energy and money**

**Inhibits scientific research**

Learn more about light pollution here and how it affects your life.
