

FIRE OR OTHER EMERGENCY PROCEDURES: KITT PEAK

Telephone: Dial 8777 or 8721 or/and 911, radio-channel 1

- **8777** – If no answer, **DO NOT HANG UP**, it will ring extensions until a responsible person answers.
- **8721** – **RADIO PATCH** state emergency and location, then hit # key and hang up.
- **RADIO-Channel 1-** mountain contact
- **911** if you cannot contact anyone or feel you require additional help

AFTER 4PM-DURING CONSTRUCTION THE WIYN TELESCOPE OPERATOR IS TO BE CONTACTED AT 8760 OR CHANNEL 1.

Emergency Call Procedure: State on the telephone or the radio:

- I have an emergency (wait for a reply)
- The type of emergency
- Your name and phone number
- The exact location of the emergency
- If assistance is required (medical, firefighting, etc.)
- The number of injured persons
- If a hazardous condition currently exists
- Who is at the emergency scene
- Wait for instructions before hanging up

After calling in Emergency: NOTIFY

Larry Reddell	520-318-8611(home on Kitt Peak)
Lori Allen	617-852-5173 (cell)
Tammie Lavoie	603-915-1516 (cell)

WILDFIRE REPORT- contact mountain staff (8 to 4) by radio/ 911 after hours

- Reason for call
- Where fire/smoke is in relation to Kitt Peak
- Give your name and call back number/location is Kitt Peak

Contact Administrative Staff above for further instructions. **If after hours, the 4M telescope operator will be the point of contact until management arrives on Kitt Peak.**

****DURING CONSTRUCTION AT THE 4M, THE WIYN TELESCOPE OPERATOR IS THE POINT OF CONTACT AFTER HOURS. 318-8760**

******The Fast Attack truck is available in the fire barn for a small fire.

******If Evacuation is not possible due to fire the 4M pier is the meeting point.

See the Kitt Peak Emergency Manual and Wildfire Reporting Steps for detailed information.
