

Meeting Day	Session	Time	Topic	Presenter(s)	Moderator	Scribe	
Oct 11 - arrival		3-5	Working space available for informal discussions and collaboration				
		6-7:30	Informal gathering - get (re)acquainted				
Oct 12 - full day	0 -	Intro	9	Welcome, introductions, plan of workshop, relevance for LSST		Knut Olsen	Steve Ridgway
	1	Presentation	9:30-10:00	Why are dwarf galaxies important? What will be the big questions in the LSST era?	Multiple	Rosie Wyse	Ana Bonaca
	2	Presentations	10:00-10:30	Review of recent dwarf galaxy searches – successes and challenges. What progress will be made by start of LSST? What will be the observational obstacles in the LSST era?	Multiple	Alex Drlica-Wagner	Andrew Wetzel
	Break		10:30-10:45	Break			
	3	Presentation	10:45	Expected LSST Data Products and Services	Simon Krughoff, Colin Slater	Kathy Vivas	Keith Bechtol
	4	Discussion	11:15	What should we be looking for? Target shapes, sizes, richness – what do models tell us? "Phenomenology" for dwarf galaxies		Annika Peter, Vasily Belokurov	Dougal Mackey
	Lunch		12:30-1:30	Lunch - catered			
			1:30	Techniques			
	5	Discussion	1:30-2:15	Catalog--based search techniques		Sergey Kposov, Heidi Newberg	Gabriel Torrealba
	6	Discussion	2:15-3:00	Pixel-based search techniques		Chris Mihos, Dennis Zaritsky	Steve Ridgway
	Break		3:00-3:15	Break			
	7	Discussion	3:15	Beyond the Milky Way		Jay Strader	Jeff Carlin
	8	Presentation	4:00-4:30	Status of "dwarf galaxy problem(s)"		Nicolas Martin, Gurtina Besla	Nicolas Garavito
	9	Discussion	4:30	Unconference			
Dinner		Evening	Unbanquet				
Oct 13 - partial day	10	Discussion	9:00:10:30	On-going and future surveys		Robyn Sanderson, Josh Simon	Dongwon Kim, Peter Behroozi
				Impact of LSST observing strategy on science with dwarfs			
				LSST synergies with other facilities, ongoing and future			
				Beyond LSST			
				Future tools, databases, compute resources			
	Break		10:30-10:45	Break			
	11	Presentation	10:45	Scribes present topic summaries to document workshop			
	12	Discussion	11:15	Unconference			
	Lunch		12:00-1:00	Lunch - catered			
			1:00	SOC drafts report to LSST			
				Scribes finish short topical reports			
	13		1:45	Final plenary - status report on workshop products		Dan Weisz	Helio Perrottoni
	Break		2:30	Break			
		2:45	Hack session				
			Demos of databases, tools, codes - as offered				
		---> 5:00	Space available for work, discussion
